

We at Innotech Resources Pte Ltd to pledge to contribute to the creation of a sustainable society by incorporating measures for environmental protection into every aspect of our business activities by:

- 1) Reducing waste and the use of hazardous substances to prevent environmental risks such as contamination of natural resources
- 2) Recycling materials to save resources and energy consumption

We will continually improve environmental management system through the regular audit of environmental protection activities by providing Environmental committee training and awareness of environmental issues to all staff.

Through awareness, every staff, supplier and sub contractor of Innotech Resources Pte Ltd will contribute to the realization of our environmental protection objectives which are in compliance with the regulations and environmental rules in Singapore.
